GAMMA IOTA THRIVES WITH ALUMNI SUPPORT

Join Us for Alumni Weekend This Fall!

I hope all of you had a relaxing summer and are ready for the fall football season. As the Longhorns return to pre-season training, I am sitting here cogitating about the University of Texas and what it has gone through the past few years. It has been a tough period in the University's history, but in the end, the institution was able to survive and thrive. President Bill Powers retained his position under intense scrutiny and ultimately handed the reins to the strongest candidate, which happened to be from within as the executive vice president and provost. The elevation of Gregory Fennes to president is a huge victory for the University and proved that the exterior challenges were defeated. The distraction of the prior chancellor and renegades on the Board of Regents combined with the election of our own Governor **Greg Abbott '80** is a great relief on many levels.

Join Us For Fall Alumni Weekend

On the Gamma Iota home front, the chapter officers are off to a busy start wrapping up the recruiting season with an expected 48 pledges for the fall 2015 pledge class. They have also been very involved the last few months assisting with preparations for Alumni Weekend, scheduled for November 6-8. In addition to a few events open to all alumni (namely the Texas Sports Forum and alumni meetings), we have several pledge class reunions, including fall 1980 and fall 1995. See the detailed schedule and weekend activities on page 7.

Thank-You to Housemother Judy Abbott

Probably the single most important event I have to share is the retirement of our beloved housemother, Judy Abbott. Judy has been with the chapter for almost 30 years. She has dedicated herself during that time to be a mother away from home to the men of Gamma Iota and a mentor to many of us during those days when we were growing up and often had too much freedom. She is a truly amazing woman and will be missed. She will continue to be active at the house for the next year and I encourage all of you to take time to go by and say hello to her. We will be planning a retirement sendoff party for her next year and hope all of you can attend. In addition to the party, we will be asking alumni to make contributions that will enable us to make a truly special gift to Mom Abbott and hope all of you will think about how important she was in your life and assist her in enjoying her years of retirement.

Alumni Support Impacts Gamma Iota

I want to take special note and once again say **thank you** to all of our alumni supporters. We are now crossing our 10-year mark since the formation of the Texas Delts Alumni Association. This past year, through generous contributions, we collected \$30,604. Of this amount \$12,948 was collected and contributed to the chapter's recruitment effort. The chapter is strong and thriving. But, as when we were in school, it's a constant battle

to stay on top. The chapter is fighting to recruit the highest quality men for their pledges and your support has helped that effort. Thank you, again!

H.T. Parlin Foundation Expands

Over the years, most of you have probably heard of the H.T. Parlin Foundation. It was formed many years ago by a gift from three alumni and was set up for educational purposes as a 501(c)(3) tax-deductible organization. It is the owner of the lot where the sports court resides and leases it to the chapter for use. The foundation typically awards approximately \$10,000 each year to chapter members in scholarships (see the last edition of this newsletter where those award winners were profiled). Given its tax-deductible status, we have always viewed it as having many more opportunities to independently grow and sponsor valuable activities for the chapter. To that end, **Tim Collins '92** and

Jeffrey Schwartz '07 will be joining the existing two directors, **Mark Dempsey '90** and **Sam Bradshaw '57**, to reinvigorate the organization. Tim will be taking over as president of the foundation and Mark Dempsey will continue on as treasurer.

Finally, I want to highlight our spotlights for this newsletter: **Dr. John Irwin '68** of Houston, Texas, and the Lipscomb family, including **Richard Lipscomb '68** of Wilkinsburg, Pennsylvania, **Rik Lipscomb '91**, **Clark Lipscomb '95**, and **Kelly Lipscomb '01**. Following our tradition of pointing out alumni who have made significant contributions to our alumni efforts both in terms of time and money, I want to recognize all of these men. Each one of us has a story to share on why Gamma Iota was and continues to be important to them. These are the reasons we all continue to support Gamma Iota through the Alumni Association.

I look forward to seeing you all around the Shelter on the weekend of November 6, and hope that you will all stop by to pay your respects to Ms. Abbott when you have time!

JOHN IRWIN '68 RESCUED BY DELTA TAU DELTA

Coming from a small town, **John Irwin '68** was a self-proclaimed “nerd and geek with few social skills.” The vastness of UT petrified him, and by mid-term it was obvious he needed a lot of social help. Thankfully, John was encouraged to go through recruitment and joined Delt in the spring of 1965. “Delta Tau Delta rescued me.”

The Delt brotherhood and influence gave John the social skills he needed to be confident and excel during his years at UT. “My best memories revolve around the camaraderie and fellowship at the Delt house on the weekends. Of course there were the parties. I was surrounded by really talented, great guys from 1965-68. I learned a lot from them.” While enjoying the social aspects of Gamma Iota, John also knew he had to focus on academics. “A degree from UT with decent grades will get you a lot of opportunities in any business or profession. Have a great time at the Delt house, but put in the academic effort.” John graduated from UT with

a bachelor of science in chemistry and went on to Baylor Medical School.

John is thankful for how Gamma Iota helped him grow and feels it is important to give back. “I owe a great debt to the fraternity. I do not believe that I would have had the same success in life had it not been for my years at the Delt house. Supporting the annual campaign is my way of giving back. The annual campaign is an easy way to help our young brothers have the same success we had. I cannot imagine why there would be any hesitation.”

John is an obstetrician/gynecologist and chief of surgery at the Women’s Hospital of Texas in the Medical Center, and is on the teaching faculty at Baylor College of Medicine. He and his wife, Simone, have four children and nine grandchildren, with a 10th due in December. Connect with John via e-mail at jirwin@obgynmedicalcenter.com.

“The annual campaign is an easy way to help our young brothers have the same success we have had.”

My Dad, **Richard Lipscomb '68**, grew up in the small north Texas town of Nocona. He initially committed to pledge Phi Gamma Delta before he figured out what a bunch of schmucks they were and pledged Delt because they were “his kind of small town country guys.” The Delts were a well-rounded, academically respected group. His favorite memory was the summer he lived at the Shelter, enjoying the coke machine they’d converted to a free vending beer dispenser and waking up one morning to find a canoe from Town Lake stuck in the stairwell.

Richard graduated from UT with an accounting degree in 1968. After working as an accountant for about eight years, he left his position as controller at Colonial Country Club in Fort Worth to start buying and selling new and used cars. The Chevrolet Oldsmobile dealer in Nocona called in 1979 and he bought the dealership in his hometown in June of that year. He enjoyed success despite challenges presented by the sky-high interest rates and oil bust of the early '80s. At GM’s request, he purchased the Bowie point in 1989 and added Buick and GMC trucks, along with Chevrolet, to Lipscomb Auto Center.

In late 1992, Richard was wrapping up construction of a new facility on Hwy 287 when I joined the operation after a couple of years spent with the Texas Rangers Major League Baseball operation. Prior to graduating with a degree in sports marketing, I had played baseball at UT for Coach Cliff Gustafson while balancing the good life at the Delt House.

In 2006, I began to grow our automotive business by acquiring the Chevrolet and Ford dealerships in Burkburnett, Texas, 15 miles north of Wichita Falls on the border with Oklahoma. In the last few years, we’ve also added a location in Lawton, Oklahoma, as well as a KTM motorcycle and Arctic Cat ATV and UTV store in Wichita Falls. We have a full-service insurance operation set to open within all five locations in September, and the dealership operations retail 350 to 400 new and used vehicles a month. Any success we’ve enjoyed is largely attributable to lessons we learned from our dad about treating customers the right way.

Dad always went above and beyond to do whatever he could to take care of his customers, just like his mom and dad before him—they ran a Dry Goods Store in Nocona for 60 years. I can recall the time that Dad bought back a Chrysler product from a customer himself that Chrysler wouldn’t stand behind. That kind of service kept that customer for a lifetime and it is just one of many examples of our philosophy of putting the customer first.

The Lipscomb Delt Legacy

As Told by Rik Lipscomb '91

Rik '91, Clark '95 and his wife, Meredith; our mother, Carol; Richard '68; Rik's daughter, Dani; Clark's daughter, Liz, and his son, Mason.

These days our dad, **Richard Lipscomb '68**, spends a good portion of his time acquiring more classic automobiles and working on his collection of mostly '50s and '60s Chevrolets, Buicks, and Oldsmobiles, among others. He also enjoys spending time on his ranch on the Brazos River between Weatherford and Granbury, where his residential development sits nearby featuring large river front home sites and a fly-in community with a paved runway. Richard lives in Fort Worth with his wife of 47 years, Carol, a Chi Omega from UT with a doctorate in history. They enjoy traveling and spending time with their dog and cats and their four grandchildren.

Today I live in Wichita Falls with my wife, Shaye, and our daughters, Carson (10) and Dani (5). I enjoy the time spent raising our daughters, flying my Cessna Turbo 182RG, cruising the '69 Camaro, and riding dirt bikes at every opportunity.

My brother, **Kelly Lipscomb '01**, wrote and published an adventure travel guide on Spain upon graduating from UT with degrees in RTF and english literature. He provides all the advertising and marketing support for the family’s automotive operation from his Ads in Gear advertising agency based in Austin, Texas. He also operates Widespread Creative, a production company based in Austin that produces everything from commercial to narrative work, including Pepsi commercials, episodes for the Longhorn Network on ESPN, to the recent “American Daredevils” series that broadcast on the History Channel. Kelly produced his first narrative feature length film last year and he will also be premiering his second feature length documentary film, Bite to Bite, about giant Bluefin tuna, later this year.

Our brother, **Clark Lipscomb '95**, left for Aspen, Colorado, shortly after leaving UT and he hasn’t looked back. Clark has made a successful career in real estate development with high-end projects to his credit in Aspen, Winter Park, Hawaii and Florida, among others. He lives an active lifestyle in the mountains with his wife, Meredith, his daughter, Liz (10), and son, Mason (5), at their home in Winter Park, Colorado. I don’t think we will be able to reel him into the auto industry or back to Texas anytime soon.

As the sons of a Delt and a great man, we all feel fortunate to have been able to follow in our dad’s footsteps in one way or another through the work we do today. A lot of our values began at the Delt house when each of us started college at UT. Fortunately, as a legacy, the Delts had to let me in, but I think neither Clark nor Kelly needed to play that card. Regardless, being a Delt was a great experience for all of us and we continue to enjoy that tradition within our family and with the many Delt alumni that we call lifelong friends.

TEXAS DELTS STRIVE FOR EXCELLENCE

It has been a great summer recruitment for the Texas Delts. As we prepare for the fall semester, we would like to thank our alumni for their continued efforts and support of summer recruitment. We are very thankful for one of the largest fall pledge classes in recent history. With a busy semester and good Texas football to come, Gamma Iota continues to strive toward acquiring the top men on campus. We welcome any recruitment recommendations from our alumni throughout the year.

It is with a heavy heart that I must announce the passing of **William Austin McMeans '14**. Austin was a true Delt, embodying our ideals and positively influencing brothers around him. His obituary can be found on the Weed-Corley-Fish funeral home's website (wcfish.com).

THANK YOU, MOM ABBOTT

After almost 30 years of dedicated love and service to our fraternity, Judith "Mom" Abbott will be retiring next year. Throughout the year, we welcome any alumni to have dinner at the Delt house to catch up and celebrate her legacy. In the coming weeks, we will have more information regarding her retirement party. Mom, we cannot thank you enough for the wisdom, care, and love that you have provided to literally hundreds of young men over the years.

DELT MAKES IMPACT IN UT COMMUNITY

This fall, we look forward to many of our brothers making a positive impact in the UT community. As a chapter, we maintain a very high, competitive GPA compared to other fraternities. Many Texas Delts spread their leadership to various prestigious organizations throughout campus. With many members in elected roles in organizations outside of Delt, we also look forward to a few of our members joining the Texas Cowboys and Silver Spurs.

We have continued to dominate intramural sports, and this spring our football team became intramural champions. Many of our other intramural teams have gone far in the playoffs, and we are excited to continue this trend.

WOUNDED WARRIOR PROGRAM PHILANTHROPY

Last fall, we partnered with Alpha Chi Omega to host a volleyball tournament benefitting the Wounded Warrior Project. Our new philanthropy chairman, **Connor Johnson '17**, has been

Delt continues to have a strong presence in Texas intramurals, including winning a football championship last spring.

working diligently to ensure this year's volleyball tournament is a success. We hope to break the record of our previous donation, which was more than \$15,000. This annual tournament combined with the proceeds from our Parents' Weekend silent auction should allow for official recognition from the Wounded Warrior Project for the third year in a row. Members are also involved in the Neighborhood Longhorn Program, an education incentive program that tutors local Austin area youth in third through eighth grade. Connor and the rest of our Delt brothers are excited to continue our philanthropic efforts throughout the Austin community.

WANTED: ALUMNI SPEAKERS AT CHAPTER

Last spring, we had the privilege to hear from alumni speaker **Clark Smith '76**, President and CEO of Buckeye Partners. We thoroughly enjoyed Mr. Smith speaking to us and hope to have more alumni speakers this fall. Alumni Relations Chairman **Luke Anderson '16** is planning for various alumni events, including local Austin happy hours. Please feel free to reach out to Luke if you would like to speak at the house or get involved in any other manner.

While we have had rough moments this past year, we are thrilled for what is to come and continue to work strenuously for the betterment of the chapter. It is always my pleasure to meet Gamma Iota alumni and I encourage your participation in our chapter and members' lives. Do not hesitate to drop by the Delt house as you are always welcome. We look forward to a great year and seeing everyone at Alumni Weekend.

Fraternally,
Thomas Gilman '16

Alumni Update

CHAPTER ETERNAL

Avis E. Johnson Jr. '57 entered Chapter Eternal in 2014. He was an avid golfer and sports fan and loved to share his joy of entertaining with family and friends. Avis was a charter member of Stonebriar Community Church. After graduation, he began a very successful career in the insurance industry, and in 1993, he retired from corporate life and began a successful career as an entrepreneur and management consultant. Avis is survived by wife, Sondra; son, David (Mary); and grandchildren, Kirk and Julian. He is preceded in death by his son, Douglas.

Gerald N. Davis '58 entered Chapter Eternal in December. He lived in Manhattan Beach, Calif.

L. Dean Jones Jr. '84 entered Chapter Eternal in July 2014. He was a CPA involved with international business operations since 1988. His four children live with his mother, Helen Jones.

Brett A. Aycock '03 entered Chapter Eternal on February 24. He was an Austinite since the age of four, attending Hill Elementary, Murchison Middle School, Anderson High School, and the University of Texas in Austin.

Brett never met a stranger and was a friend to all. He was a renaissance man, multi-talented and multi-faceted, and excelled at any endeavor he attempted. In high school, Brett was on the varsity basketball team for the Anderson Trojans and enjoyed working with flowers at the Austin Flower Company. Later, while attending UT, Austin he worked as bartender, manager, and security at various establishments on Austin's famous 6th Street. In 2003, Brett enlisted in the Army. Upon his return in June 2006, Brett dabbled in careers as varied as military consulting and acting in TV/film productions, managing of large construction projects, electrical engineering, and advocating for nonprofits supporting his fellow veterans. Among other things, he was also a 4x4 enthusiast, a canvas for art, a facial hair aficionado (and member of the Austin Facial Hair Club), an artist, a craftsman, a son, a brother, an uncle, and a kind, sweet, funny, gracious, elegant, and generous soul.

Brett's greatest pride was his military service and being a member of the Reconnaissance/Scout Platoon, HHC, 1st Battalion (Airborne), 503rd Infantry Regiment "The Rock." His initial deployment was to South Korea, where he completed his air assault training, after which he was forwardly deployed to Kuwait and ultimately to Iraq in 2004.

While serving in Iraq, Brett was wounded in combat as a result of an enemy hand grenade in 2005. Subsequently, he was medically retired from the Army and forced to end his plans for a military career in Special Forces.

For his service, Brett was awarded the Purple Heart, Army Commendation Medal, Army Achievement Medal, Army Good Conduct Medal, National Defense Service Medal, Global War on Terrorism Expeditionary Medal, Global War on Terrorism Service Medal, Korea Defense Service Medal, Overseas Service Ribbon, Combat Infantryman Badge, Parachutist Badge, and the Air Assault Badge.

William A. McMeans '17 entered Chapter Eternal July 21. Austin was a son, a brother, a true Texan, a southerner, a Longhorn, and a true American.
